SOMEBODY charges IRWIN with asserting that God is not the father of all mankind. Next we shall hear that it is not clear in IRWIN'S mind who created the heavens and the earth.

THE Democracy of San Francisco have nominated H. A. COBB for Mayor. He is an old influential citizen of that city, and in selecting him, the Democrats have made a nomination which it will be next to impossible for the opposition to defeat.

It is stated that NORTON, of Placer county, hereofore one of the most prominent of Independents will soon take the stump for PHELPS and the remainder of the Republican ticket.

Thus falls the great "reform party"—a party born of spleen and hatred, nurtured on the worst elements of communism and killed because its practice was even worse than its profession.

WHY was it that Congressman HOUGHTON did not present a petition signed by over three thousand of his constituents, praying that certain Government lands might be bought of the Government instead of the Railroad Company, and why was that transferred to a Democratic Congressman—(LUTTRELL)—to attend to and checkmate the Railroad Company?

A number of our exchanges continue to ask the question "When will BIDWELL resign?" This thing may as well be stopped with a definite answer which is this: BIDWELL hates GORHAM and he wants to beat PHELPS.

He knows that the most certain way to accomplish this purpose is to remain in the field and elect IRWIN. BIDWELL is a candidate until sundown on election day.

ONE of the charges made against JOHN F. SWIFT, Independent nominee for Congress from San Francisco, is that he stole a street. Now we have known JOHN a long time and we never saw anything in him that would lead us to believe he would steal an ungraded street, and as we know the street he is charged with stealing is nothing but a bank of sand, we are inclined to the opinion that the charge is false.

SOME years ago the late Senator FINNEY, was a witness against four bad men who lived in San Mateo county. They escaped both the galls and the penitentiary and swore that they would some day take his life. He is dead—was found with a bullet hole in his head—and this is all we know about it. The fact that no details of his taking off are given leaves room for suspicion that these men murdered him and that the officers are working up the case.

OUR business men and others who are able and willing to assist in disseminating information concerning Southern California, should read the letter of Mr. CHARLES V. HALL, printed in another column. Mr. HALL,

is a former resident of this city. His mother and sister, Mrs. Capt. MOORE, reside here now. He is a young man full of energy and enthusiasm. He is thoroughly in earnest, being familiar with the country he writes and talks about, he will, if supplied, with the necessary material, do much toward encouraging a desirable class of immigration to this part of the State. We trust that packages of our local papers together with pamphlets and other statistical compilations will be promptly forwarded to his address. We cannot have a more intelligent and efficient agent in the East than Mr. HALL.

Democratic County Ticket.

The Democratic County Convention met in this city yesterday and nominated a ticket which, if general expression and almost unanimous endorsement may be accepted as indication, will be elected by a handsome majority. The Convention represented every precinct in the county and the character of the delegates both for purity of principle and honesty of purpose was so striking as to draw forth favorable comments from the masses who watched their proceedings. The candidates selected are, we are assured without exception, men in whom the people can without fear of betrayal, place the most explicit confidence, and for whom they may vote in the full consciousness that if they are elected they will perform the duties of their respective offices honestly and faithfully. The nominees for Assembly are General JOHN R. MCCONNELL and F. LAMBOURNE. They are both well and favorably known in this county. General MCCONNELL has a State reputation and one of which both he and his friends may well be proud. As a lawyer he has few equals, as a citizen and a Democrat none surpass him. The nominee for Sheriff is DAVID W. ALEXANDER, one of the oldest and best citizens of Los Angeles county. The candidate for District Attorney is Mr. RODNEY HUDSON, an able and eloquent young lawyer whose talent is conceded and whose Democracy is beyond question. Mr. A. W. POTTS, our present County Clerk, was nominated for re-election by acclamation. Nothing more need be said for him. He is a popular and efficient clerk and the people want him again. THOMAS E. ROWAN was nominated by acclamation for re-election to the County Treasury. The man who has handled the county funds and always proved himself a faithful steward, is a good man to keep that position. M. KREMER received the nomination by acclamation for Tax Collector. He is City Clerk and is so well and popularly known that he needs no further recommendation. CHAS. E. MILES was selected for County Recorder. CHARLIE will poll more votes in Los Angeles than any other man who ever ran for an office and had an opponent. If he has an enemy he does not know it. A. W. RYAN of Los Nietos was nominated for Assessor. He is one of the best men in the county, and will poll all the votes of Downey City, irrespective of party predilection. RYAN will collect our taxes for the next two years. T. J. ELLIS received the nomination for County Surveyor. He is spoken of as a worthy and capable man. PEDRO CARILLO, a good man whom the office sought, was nominated for Public Administrator. Prof. SAXON, an experienced and efficient teacher, received the nomination for County Superintendent of Public Schools. Altogether, it is a first-class ticket.

The Water Question.

Mr. BEAUDRY rises to explain the water franchise question, and in a long letter to the *Express* gives, from his stand point, the difference between the franchise he claims to hold, the franchise the City Water Company does hold and the franchise he is endeavoring to prevent Mr. POTTS from holding. First, Mr. BEAUDRY asserts that his franchise does not give him the right to sell water where the old water company have pipes. Then the franchise of Mr. BEAUDRY is just no franchise at all for the old company have a guarantee to lay down pipes anywhere within the corporate limits of the city and the moment they place their pipes on the hill streets, Mr. BEAUDRY'S right ceases to exist and his water works become more ornamental than profitable. This is the only deduction that can be drawn from his own premises. But we do not care to discuss this point. Mr. BEAUDRY contends that the privilege asked for by Mr. POTTS is not substantially the same as that secured by himself. We can only detect this difference: Mr. BEAUDRY obtained permission to convey water where the water company would not convey it for the consideration offered them. Mr. POTTS asks permission to lay pipes where he can do so less expensively than Mr. BEAUDRY asks for doing it for him. Only this and nothing more, Mr. BEAUDRY claims that he has some rights which should be respected. We concede the claim and propose to defend not only his rights but those of every other citizen, and we claim that Mr. POTTS has precisely the same right to lay down pipes on land owned by himself that Mr. BEAUDRY has to lay them on his own land. As to where or how Mr. POTTS proposes to obtain his supply of water, we have nothing to say. That is a question entirely foreign to the one under discussion and will come up for settlement when it is found that in obtaining it he infringes on the rights of others.

A NOTE was written and delivered to Hon. S. O. HOUGHTON last evening prior to his address by one of his constituents, requesting him to explain his course in Congress, and categorically asking: First—Why he voted for and received the money from the "back-pay" bill? Second—Why he voted for the "force bill?" and, last, as his constituency had a respectable number of Southern men and Democrats among them, why he was always found voting for extreme measures of a radical and unjust nature, thereby continuing the bitterness of feeling of the past between sections of our common country. He replies in his speech that he has no excuses or explanations to make. "Judge me by my record." Such being the wholesale reply, what candid and honest voter can support him?

THE OTHER SIDE.

Mr. Potts Gives His Views of Mr. Beaudry's Franchise.

EDITOR HERALD: In the *Express* of the 3d inst. there is an article on the discussion between Mr. Beaudry and myself, in which the *Express* seems to me to make a weak attempt to justify Mr. Beaudry in trying to make his water franchise an exclusive franchise by stating the expense he has incurred in one way and another in carrying on his enterprise. In the *Express* of the 3d inst. there is a communication from Mr. Beaudry, in which he makes a very earnest appeal to the public and to the Common Council to sustain him in an exclusive franchise, and in which he attempts to show his rights by the most absurd reasoning ever offered by any man who has so recently taken the stand that he did to obtain his own franchise, as well as his election to the office of Mayor. It is well known to the citizens that Mr. Beaudry always maintained the ground during the canvass for Mayor that he was working against monopoly, that he was opposed to exclusive franchises, that he wished every man to have the right to lay pipes on the hills to supply them with water, and that if he got water on the hills he would charge no more than the City Water Company, and always left the impression that he would charge less. Now that he has obtained the office of Mayor and thinks he has an influence over a portion of the City Council, he comes out in a long letter and asks the public and the Common Council to reimburse him for his outlay by crushing another's interests. He assigns as another reason why I should not have the franchise that there was no water in the Reyes Canyon previous to the construction of the Woolen Mill ditch, and that I own lot 6 in block 4, and asks what security Mr. Potts can give the city that he will not use the water, and says many other simple things in this connection to show why he should have an exclusive franchise, with the privilege of charging a bonus sufficient to amount to confiscation of all the lands within his jurisdiction. Another reason is urged that the spring on my lands does not afford more water than would fill an inch pipe. Grant, for the sake of argument, that it would not. If so, what has Mr. Beaudry to fear in the granting of this franchise. As for taking the water from the ditch or reservoir, Mr. Beaudry knows as well as most of the Council that my petition names the place where the water is to be taken as lot 3, block 4, and lot 3, block 30, and that these lots are at least 60 feet higher than the reservoir.

And now allow me to say a few words in reference to my own enterprise. I have opened Temple street and Second street, have opened a road down Hope street to Third, and from Third to Pearl street, at a cost of \$10,000, and I claim that this has done more to enhance the value of hill lands than Mr. Beaudry's water works with his bonus hanging over them. I propose now to lay pipes and develop water on my own land, without the aid of Mr. Beaudry, and shall not expect the city to reimburse me, as does my friend Beaudry. I think I am entitled to just as much credit for my enterprise as he is for his, and I go before the Common Council not as a suppliant for favor, but as an American citizen, claiming what is justly due me, and would simply ask any reasonable man why the Council should restrain me in my enterprise for the reason that Mr. Beaudry is an enterprising man, and thus place an obstacle in the way of the progress of the city by fastening his bonus of \$100 per lot on all of my lots by their official acts.

On account of the break in the Democratic nominating Convention Monday evening, a conference of the State and County Central Committees and the Executive Committee of the Young Men's Democratic Club was held last night.

After a fruitless attempt at harmonizing matters, the committee held a meeting and determined to appoint a Municipal Convention for this evening, independent of the State Central Committee, while the latter also held a meeting and agreed to form a Convention. The break seems to be beyond repair.

The Republicans, at their primary yesterday, elected delegates to the State District Conventions, who will to-morrow make legislative nominations and elect district committees, and then unite and nominate a city ticket. The mortgages are Daniels and Loyd, Trustees.

A rumor prevails that Woodruff alias Miller, the defaulting Secretary of the Contract and Finance Company, has been permitted to make his escape. He was kept in close confinement during the investigation by the Railroad Company, but it was given out that on the conclusion of the examination he would be handed over to the authorities to be dealt with according to law. It is now said that the Railway authorities, in consideration of the fact that Miller had an intimate acquaintance with the inside workings of the Company, and that damaging disclosures would likely follow the ventilation of the case in the courts, connived at his escape, and that he is now beyond reach of the authorities.

Osborne, but never proven before any proper tribunal. Black Beaver, who stands very high at the Wichita Agency, signs testimonials as to the previous good character of Huwahnee, and strongly urges his release.

Lucy Bosborne, widow of the murdered man, joins with her father, in Black Beaver's request for his release. The recommendation was also endorsed by numerous Chiefs. The Indian bureau will recommend that, under the circumstances, prisoner be released.

Rivers above are reported falling.

But few returns have been received from the mountain counties, but these give McCreery increased majorities.

FOREIGN NEWS.

Collier Brothers.

LONDON, August 4th.—At the hearing of the case of the Collier boys to-day, W. B. Rainbow, of the firm of Rainbow & Holberton, testified that a quantity of cotton was bought in 1873 by the Colliers on joint account with his firm, and, in consequence of a decline, the Colliers drew bills against their cotton and subsequently sold it, and had the bills originally drawn against it renewed after it had passed beyond their control. It was the maturing of these bills that caused the real disaster. In consequence of the absence of the leading counsel for defense further hearing was postponed.

Special Notice.

I beg to inform my numerous customers and the public in general that I have removed from my old stand, 69 Main street, to the store "Identical," 33 Main street, under the Backman House, where the finest brands of imported and domestic cigars and cigarettes, tobacco, pipes and all smokers' articles; also a full line of gent's furnishing and fancy goods, lies, and everything pertaining to a gentleman's store will be kept at prices to defy competition. I shall be happy to see all my customers from the stand at the store. The quality of the goods will amply reward the little extra distance. Please be careful not to go into the wrong place, as paleontologists do not generally agree with Indian squaws. Therefore look for my sign, "Identical," 33 Main street, under Backman House.

THE PUBLIC are hereby notified that I have collected bills on account of La Croya and the office is not responsible for bills constructed by my sign, "Identical," 33 Main street, under Backman House.

THE DEMOCRATIC CONVENTION.

A Full Attendance of Delegates.

A Strong Ticket Nominated.

GREAT ENTHUSIASM AMONG THE PEOPLE.

The city was crowded yesterday with the delegates to the Democratic County Convention, the candidates and citizens interested in seeing the Democrats nominate a ticket in the interests of the tax-payers. After the visitors had strolled around our streets, they made the County Court House their objective point and soon crowded the street, corridors and court-room in that building. The constant theme of conversation was the failure on the part of the Independents to put a ticket in the field which represented the people. The impression was that the Republicans had stolen the Independent camp and that the hope of the honest tax-payer was centered in the action of the Democratic Convention.

The Convention was called to order promptly at 11 o'clock by Wallace Woodworth, Chairman of the Democratic County Central Committee.

Col. Sanford of Los Nietos was elected temporary chairman, and Mr. John E. Jackson, temporary secretary.

On motion, a committee of four on credentials and to prepare an order of business was appointed, as follows: H. M. Johnston and A. F. Coroneil of Los Angeles; C. Benbrook of Silver precinct and C. Macley of San Fernando.

A motion to give this Committee power to report a permanent organization was defeated.

The Committee on Credentials were instructed to retire and the delegates were requested to present their credentials to the committee immediately, so as to facilitate business.

After a recess of nearly an hour, the Committee on Credentials reported that they were not through their business, and the Convention adjourned until 1 o'clock in the afternoon.

AFTERNOON SESSION.

The Convention was called to order promptly at 1 o'clock by the Chairman.

The Committee on Credentials reported the following delegates: Los Angeles—A. C. Chauvin, M. J. Newmark, A. E. Sepulveda, E. H. Workman, H. M. Johnston, Capt. H. M. Smith, F. M. Slaughter, M. Teed, A. E. Coroneil, T. E. Campbell, J. S. Carr, James Gorman, Martin Golden, Isaac Cohen, Constant Meyer, Thomas Leahy, J. E. Jackson, Sam Prager, Silver Precinct—L. C. Pollard, C. M. Benbrook, T. P. Sackett, S. G. Reynolds, J. W. Venable.

San Antonio—George Hinds, Frank M. Buster.

Old Los Nietos—J. E. Pleasants, E. Pollerano, E. M. Sanford.

Compton—Geo. Carson, Florence—M. O. O'Neill, San Fernando—C. Macley.

Monte—Thos. McLain, Dr. Jo Haner, J. W. Brodhead, J. M. Workman.

Orange—B. F. Smith, C. C. Higbie, San Gabriel—Vicente Duarte, J. De Barth Shorb, E. H. Jones.

San Juan Capistrano—R. Egan, J. R. Congdon.

San Antonio—W. R. Bertram, J. C. Curtis.

Azusa—H. G. Bennett, J. C. Preston, W. A. Palmer.

Santa Ana—J. C. Hickey, W. N. Tedford, P. Potts.

Old Mission—W. H. Strong, J. Adams.

San Jose—W. W. Rubottom, F. Palomares, A. B. Caldwell.

La Ballona—Francisco Machado, Andreas Machado.

Anaheim—Wm. Bailey, J. B. Raine, Theodore Himpau, David Grey.

The report was unanimously adopted.

On motion of Mr. Morgan, Messrs. Newmark, Venable and Curtis were appointed a Committee on Order of Business.

The committee retired and the Convention took a recess for twenty minutes.

On re-assembling the committee made the following report, which was adopted:

Recommending the selection of a permanent President, Secretary and Sergeant-at-Arms, and that nominations be made for two Members of the Assembly, Sheriff, District Attorney, County Clerk, County Treasurer, County Tax Collector, County Auditor, County Recorder, County Assessor, County Surveyor, Public Administrator, Coroner, County Superintendent of Schools, also, that a County Central Committee be appointed and the election of selection of Supervisors of the First and Third Districts be left to the Convention.

The report was adopted.

Col. Sanford was recommended for permanent chairman.

Senator Macley was put in nomination, but in a neat speech thanked the Convention, declining the honor and recommended that Col. Sanford be elected by acclamation.

This suggestion was carried out, and Col. Sanford was unanimously elected permanent president.

Mr. Jackson was elected permanent Secretary, and J. W. Brodhead, Sergeant at Arms by acclamation.

A motion was carried requiring candidates to pledge themselves to the Democratic platform adopted at San Francisco and to the support of the Democratic State and county tickets.

A motion was carried to nominate the ticket by ballot.

On motion Messrs. Slaughter, Capt. Henry Smith, A. F. Coroneil, J. De Barth Shorb, R. Egan, Senator Macley, and F. Evey.

The committee retired and soon returned recommending the adoption of the Democratic State platform with the following amendment:

Resolved, That the Democracy of the county of Los Angeles are against the proposed amendment of the State constitution first suggested by Newton Booth to the Legislature of California, whereby the right of publishing the laws in Spanish is taken away, and this Convention is of the opinion that our representatives in the State Legislature might exert all proper influence to defeat the said proposed amendment.

The report was read in Spanish by Mr. Sepulveda and then unanimously adopted.

F. Lambourn, Col. E. J. C. Kewan, J. W. Venable, Gen. J. R. McConnell,

G. F. Russell, and M. G. Sutton were named for Assembly, but Messrs. Venable and Sutton declined.

It was moved to vote for one Assemblyman at a time a majority to nominate.

Messrs. Hinds, Carr and Capt. Smith were appointed tellers.

Col. Slaughter pledged Gen. McConnell to the platform and party, as he was absent from the city.

Col. Kewan said the candidates were here for the purposes of exhibition. It was a kind of menagerie. He had never failed to show himself before any crowd and certainly not before a Democratic convention. He had not been a candidate for the office, he had not announced or proclaimed his name, but his friends had for him. His friends had taken the liberty of announcing his name and he had consented, if the nomination was given voluntarily. Though he had abandoned the law and politics, yet he was under so many obligations to the party that he could not decline any nomination. The Independent party was only another name, a shadow, for Republicanism. If opportunity offered to draw the lion's skin off the Independent party, he would expose the animal that brays beneath the skin. The Democratic party had done him so many favors that if elected he would be no sleeping sentinel, but do his duty to the party.
